1. BACKGROUND

Sxuza is a contracting firm specialising in General Contracting (Electrical Metering Services and Energy Saving Demand Management). It is a strategic professional services company that focuses on achieving measurable results in projects and processes.

Our added strength is in the diversity of the expertise and experience of each of the members in this company, with only one common passion, that of improving service delivery. We always strive to make our clients perceive us as value-adding partners and thus gaining a competitive advantage.

What brings us together is our intention of wanting to be part of the solutions to the challenges facing our clients.

2. VISION

We believe in knowledge sharing, trustworthy partnerships, professionalism and high integrity.

For our organisation, we hold ourselves committed and accountable for sustaining our vibrant diverse community, brought together by a quest for learning through knowledge transfer and supported by self-discipline.

3. MISSION

Our mission is to provide clients with quality work across engineering services from concept planning through to

completion, with a highly skilled professional team working together, using practical experience.

4. OUR VALUES

Our values, our service, our business process and our conduct are informed by the following:

- Transparency and openness,
- Efficiency, honesty
- Strive to perform to the highest ethical standards.
- Value-adding services,
- Adherence to true ideals of equity sharing,
- Professionalism and high integrity,
- Team work,
- Quality of the highest order.

5. SERVICES PROVIDED

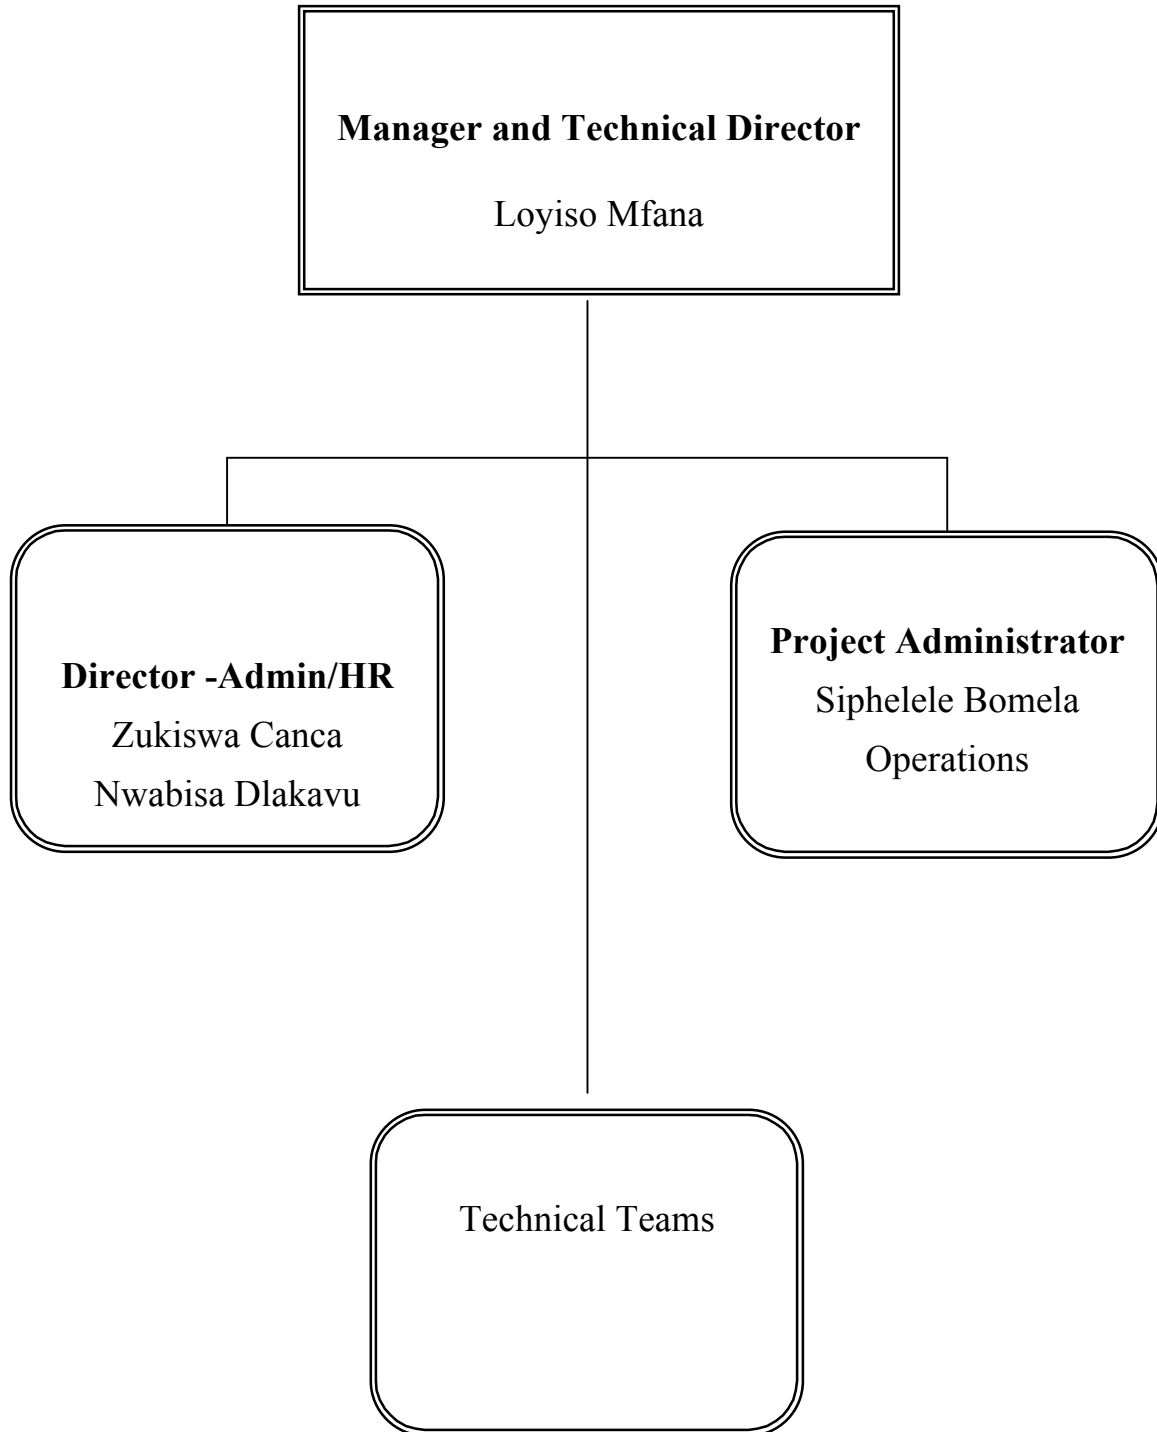

Our team seeks to venture into industry sectors providing services based on our skills and knowledge.

- Metering and Data services (Meter reading, reconnections, disconnections, removal of illegal connections, meter box maintenance etc.)
- Registered ESCO
- Registered Eskom vendor
- Minor Electrical works
- Audits
